## L1B (Conversion) SAP Calculation - Data Collection Form

---

### Project Information

Property Address:

Edition of Building Regulations:

Project Type:

Current Stage of Project:

Dwelling Type:

**Scaled Drawings are Required - Floor Plans (all floors) / Elevations / Section**

---

**Thermal Elements - Detail any new and upgraded elements** (if detailed on drawings, please leave blank)

**Ground Floor Build Up (materials / insulation / type / thickness):**

**External Wall Build Up (materials / insulation / type / thickness):**

**Roof Build Up (materials / insulation / type / thickness):**

**Glazing & Door Type (double / triple / air gap (mm) / argon filled / U-value (if known) etc.):**

---

## Heating & Hot Water

Type of Heating System:

Make & Model (if known at current stage):

Type of Hot Water System:

Make & Model (if known at current stage):

Heating Controls:

Main Heat Emitters:

Secondary Heating Systems:

If 'other' please specify:

---

## Ventilation

Type of Ventilation System:

Make & Model (if known at current stage):

Has an Air Pressure Test been carried out?

If 'yes' please provide the test result - **Please provide a copy of the test certificate:**

---

## LZC Technologies

Does the property incorporate any renewable technologies?

If 'other' please specify:

---

## Additional Information

Does the property incorporate all low energy light bulbs?

If 'No' what % of fittings have low energy bulbs installed?

Any additional information you feel relevant to the Project:
